# LIABILITY RELEASE

## DRIVER'S TRAINING/EDUCATION CLASS

**Students are not allowed to drive motorized vehicles while on the program.** The only driving that is acceptable is as part of a school-sponsored or private driver's education program. To participate in a driver's education course the following conditions must be met:

- A. No local or state laws are violated in obtaining the license.
- B. The students' natural parents give written permission assuming all responsibility and liability for any violations, accidents, injuries, and any costs legal and otherwise in the course of obtaining the driving license.
- C. The host family agrees.
- D. If a driver's license is obtained, it **MUST** be sent to the CETUSA AYP office. It will then be forwarded to the overseas agent.

Driver's Education or Training may not be available in some states or regions. Foreign students are subject to the same guidelines as American students, which may include waiting lists and other restrictions.
