

Trainee/Internship Program Offer

(20030) Electrical Engineering Program – Huntington Beach, CA

Hours: 32-40 hours per week

Compensation: \$17.00 per hour

Number of Position Offered: 1

Housing: none provided

Host Company Description:

This host company is a specialty vehicle dealership that focuses on golf carts and street-legal low-speed vehicles, electric bikes, and industrial carts. It offers repairs and maintenance services for these vehicles as well as customization and accessory options. Huntington Beach's nickname is "Surf City USA", and is a popular coastal destination known for its beaches, surf culture, and laid-back vibe. Participants can relax on the beach, visit the pier, explore Bolsa Chica Ecological Reserve, shop downtown, and enjoy beach-themed nightlife!

Position Description:

- Troubleshoot motors and electrical components to ensure proper functionality and performance
- Design, build, and diagnose wire harness systems for vehicle electrical integration
- Perform light repair and maintenance of circuit boards and related electronic systems
- Assist in identifying and resolving electrical system issues during testing and assembly

Applicant Qualifications:

- To apply for the **Internship** program, applicants must be **electrical engineering** undergraduate/graduate students OR a be recent graduates who begin program within 12 months of the graduation date
- To apply for the **Trainee** program, applicants must have either a degree or professional certificate from a foreign post-secondary academic institution and at least 1 year of prior related work experience in the **electrical engineering** field acquired outside the United States OR 5+ years of experience in this field.
- Basic understanding of electrical systems, circuits, wiring diagrams, and/or PCB basics is a plus
- Strong problem-solving skills and attention to detail; ability to work hands-on
